

# Getting the best out of Scrum: using it at the right time to deliver more and deliver more often

 Agile, Scrum

 Presentations

Scrum is the most well-known of all the agile approaches, improving the way organisations work in order to deliver value to their business and customers.

This presentation discusses how to use Scrum to get the most out of it, it explains exactly what Scrum is, when to use it, and how.

In this presentation we cover:

- The basics about Scrum
- Where does Scrum fit in?
- How to incorporate Scrum
- Scrum in the real world
- Scrum weaknesses

This presentation explains how to get the best out of Scrum, for a more in-depth explanation please watch our webinar discussing Scrum.
